

# Become a TBRI® Advocate Today!

## TBRI® ADVOCATE PROGRAM

TBRI® is attachment-based, trauma-informed intervention designed to meet the complex needs of vulnerable children. TBRI® uses Empowering Principles to address physical needs, Connecting Principles for attachment needs, and Correcting Principles to disarm fear-based behaviors. While the intervention is based on years of attachment, sensory processing, and neuroscience research, the heartbeat of TBRI® is connection. As an Advocate, you will bring skill sets through education and playful engagement to those healing from complex trauma. Join the team as we 'change the story' for children and families from hard places!
